

THE WHALE COASTLINE – Seasonal (Full Day Tour)

This tour is offered during the Whale Season which is from July to November only.

Our guides make every effort to find the most advantageous viewing point to ensure that whales can be spotted.

Embark on a picturesque coastal drive & experience the majestic beauty of the Southern Right Whales basking in the waters off the Hermanus coastline. This tour sets off along the scenic coastal road, Clarence Drive, which offers spectacular views of the False Bay coastline.

Arrive in the charming holiday town of Hermanus and search the Walker Bay coastline for whales. There may be an opportunity to join boat-based whale watching (for own account, subject to availability and weather permitting).

The tour returns over the Sir Lowry's Mountain Pass which offers spectacular views of False Bay with its long stretches of white sandy beaches.

Handy tip: Sun protection, protective clothing and preventative treatment against motion sickness is advisable when going on the boat trip (optional).
